INDEX

A PRIORI
The a priori in inductive metaphysics. W. Marcus. 167-174.
ANTHROPOLOGY
Science of man. A. Portmann. 83-100.
Significance of the body in a Thomistic anthropology. N. Luyten. 175-193.
BERNAYS, P.
Objectivist and positivist trends in modern theoretical physics. 70-73.
BHATTACHARYA, Kalidas (232)
The concept of self in Buddhism. 216-223.
BISER, Eugen
Martin Buber. 100-114.
BODY. See Human Body
BOLLNOW, Otto Friedrich
The objectivity of the human sciences and the nature of truth. 39-52.
BUBER, Martin
Phenomenology of encounter. F. J. Smith. 194-208.
Martin Buber. E. Biser. 100-114.
BUDDHISM
The concept of self in Buddhism. K. Bhattacharya. 216-223.
CATURELLI, Alberto
Dialectic of being and manifestation of existence. 258-278.
CHRISTIANITY and Philosophy
Ancient cosmos, modern natural science, and Christianity. W. Weymann-Weyhe. 124-133.
COMMUNICATION
Phenomenology and encounter. F. J. Smith. 194-208.
COSMOLOGY
Ancient cosmos, modern natural science, and Christianity. W. Weymann-Weyhe. 124-133.
DEMSKE, James M.
Heidegger's quadrate and revelation of being. 245-257.
DEMYTHOLOGIZING
The sacred and desacralization in contemporary thought. L. Flam. 209-215.
DE WAELHENS, Alphonse
The philosophical position of Merleau-Ponty. 134-149.
DIALECTIC
Schelling's romantic dialectic. L. Flam. 298-308.
DIALOGUE
Martin Buber. E. Biser. 100-114.
DUCHÊNE, Henri (232)
Human relations at the group level. 224-232.
ENCOUNTER
Phenomenology of encounter. F. J. Smith. 194-208.
EVOLUTION
Science of man. A. Portmann. 83-100.
EXISTENTIALISM
Heidegger's quadrate and revelation of being. J. M. Demske. 245-257.
FLAM, Léopold (232)
Sacred and desacralization in contemporary thought. 209-215.
Schelling's romantic dialectic. 298-308.
GOD
The problem of God in the philosophy of Merleau-Ponty. R. Jolivet. 150-164.
GOD — Existence
Dialectic of being and manifestation of existence. A. Caturelli. 258-278.
GROUP DYNAMICS
Human relations at the group level. H. Duchêne. 224-232.
GRUNDER, Karlfried
Heidegger's Critique of science in its historical background. K. Grunder. 15-32.
GUSDORF, Georges
Project for interdisciplinary research. 309-323.
HEIDEGGER, Martin, 1889-
Heidegger's critique of science in its historical background. K. Grunder. 15-32.
Heidegger's quadrate and revelation of being. J. M. Demske. 245-257.
Objectivity of the human sciences and the nature of truth. O. F. Bollnow. 39-52.
HUMAN BODY
The significance of the body in a Thomistic anthropology. N. Luyten. 175-193.
HUMAN relations
Human relations at the group level. H. Duchêne. 224-232.
IDEALISM
Share of idealism in contemporary physics. M. A. Tonnelat. 53-69.
INDUCTION
The a priori in inductive metaphysics. W. Marcus. 167-174.
JOLIVET, Régis
The problem of God in the philosophy of Merleau-Ponty. 150-164.
KNOWLEDGE, Theory of
Project for interdisciplinary research. G. Gusdorf. 309-323.
LOTZ, J. B.
Person and ontology. 279-297.
